**NOTICE OF WORKSHOP****PERMANENT DIAGNOSTIC TROUBLE CODES**

On April 19, 2018, the Bureau of Automotive Repair will conduct a public workshop to discuss the proposed introduction of Permanent Diagnostic Trouble Codes (PDTC) into the Smog Check Program. PDTCs are OBD II Diagnostic Trouble Codes that cannot be erased without passing the readiness monitor that set the code in the first place. Including the PDTCs into the Smog Check Program would reduce the likelihood that vehicles with identified defects can get improperly certified. BAR Advisory Group (BAG) members, BAG meeting attendees, and the public are encouraged to attend. The workshop is scheduled from 2:00 p.m. to 4:00 p.m., or until the close of business. It will be Webcast at the following address:

April 19, 2018

2:00 p.m. – 4:00 p.m. (or until the close of business)

Department of Consumer Affairs, HQ 1
Hearing Room 102
1625 North Market Blvd.
Sacramento, CA 95834

The workshop will also be Webcast and may be accessed online at:
