21. Regulations, section 3340.42 states:

With the exception of diesel-powered vehicles addressed in subsection (f) of this section, the following emissions test methods and standards apply to all vehicles:

(a) A loaded-mode test, except as otherwise specified, shall be the test method used to inspect vehicles registered in the enhanced program areas of the state. The loaded-mode test shall measure hydrocarbon, carbon monoxide, carbon dioxide and oxides of nitrogen emissions, as contained in the bureau's specifications referenced in subsection (b) of Section 3340.17 of this article. The loaded-mode test shall use Acceleration Simulation Mode (ASM) test equipment, including a chassis dynamometer, certified by the bureau.

On and after March 31, 2010, exhaust emissions from a vehicle subject to this inspection shall be measured and compared to the emissions standards shown in the VLT Row Specific Emissions Standards (Cutpoints) Table, dated March 2010, which is hereby incorporated by reference. If the emissions standards for a specific vehicle is not included in this table then the exhaust emissions shall be compared to the emissions standards set forth in TABLE I or TABLE II, as applicable. A vehicle passes the loaded-mode test if all of its measured emissions are less than or equal to the applicable emission standards specified in the applicable table.

(b) A two-speed idle mode test, unless a different test is otherwise specified in this article, shall be the test method used to inspect vehicles registered in all program areas of the state, except in those areas of the state where the enhanced program has been implemented. The two-speed idle mode test shall measure hydrocarbon, carbon monoxide and carbon dioxide emissions at high RPM and again at idle RPM, as contained in the bureau's specifications referenced in subsection (b) of Section 3340.17 of this article. Exhaust emissions from a vehicle subject to this inspection shall be measured and compared to the emission standards set forth in this section and as shown in TABLE III. A vehicle passes the two-speed idle mode test if all of its measured emissions are less than or equal to the applicable emissions standards specified in Table III.

1
2 (e) In addition to the test methods prescribed in this section, the following
3 tests shall apply to all vehicles, except diesel-powered vehicles, during the Smog

7 control devices, as applicable, are properly installed on the vehicle:

8

9 (H) ignition spark controls, and

10 (I) any emissions control systems that are not otherwise prompted by the
11 Emissions Inspection System, but listed as a requirement by the vehicle
12 manufacturer.

13 (2) A functional inspection of the vehicle's emission control systems.
14 During the functional inspection, the technician shall conduct, as applicable, the

20 No work for compensation shall be commenced and no charges shall
21 accrue without specific authorization from the customer in accordance with the
22 following requirements:

23 (a) Estimate for Parts and Labor. Every dealer shall give to each customer
24 a written estimated price for parts and labor for a specific job.

25

26 23. Regulations, section 3373 states:

27 No automotive repair dealer or individual in charge shall, in filling out an
28 estimate, invoice, or work order, or record required to be maintained by section
3340.15(f) of this chapter, withhold therefrom or insert therein any statement or
information which will cause any such document to be false or misleading, or where
the tendency or effect thereby would be to mislead or deceive customers,
prospective customers, or the public.

COST RECOVERY

24 24. Section 125.3 of the Code provides, in pertinent part, that the Bureau may request
25 the administrative law judge to direct a licentiate found to have committed a violation or
26 violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation

1 and enforcement of the case, with failure of the licentiate to comply subjecting the license to not
2 being renewed or reinstated. If a case settles, recovery of investigation and enforcement costs
3 may be included in a stipulated settlement.

4 **MARCH 6, 2013 OPERATION: 1991 MAZDA**

5 25. On March 6, 2013, the Bureau conducted an operation at Respondent's smog
6 testing station, Anaheim Test Only Center. The Bureau's vehicle, a 1991 Mazda, was modified
7 to fail a proper smog inspection due to a misadjusted ignition timing, and a tamper indicator had
8 been installed to detect movement of its ignition distributor. A Bureau operator took the vehicle
9 to Respondent's smog station and requested a smog inspection. After Respondent completed the
10 smog test, the operator completed and signed a work order, paid Respondent \$58.00, and
11 received an unnumbered invoice and Vehicle Inspection Report (VIR) bearing Certificate of
12 Compliance Number [REDACTED] and Respondent's name as the smog technician who had
13 performed the smog test. The operator left Respondent's station and returned the vehicle to
14 Bureau personnel.

15 26. On March 11, 2013, Bureau personnel re-inspected the vehicle after the smog test
16 at Respondent's smog station. They determined that the condition of the vehicle as modified
17 before being tested at Respondent's smog station had not changed; the vehicle's ignition timing
18 was still misadjusted and the ignition distributor tamper indicator remained intact. Bureau
19 personnel performed a smog inspection on the vehicle, which failed the ignition timing
20 functional check due to its misadjusted timing.

21 **FIRST CAUSE FOR DISCIPLINE**

22 **(Misleading Statements)**

23 27. Respondent has subjected his registration to discipline under Code section 9884.7,
24 subdivision (a)(1), in that on March 6, 2013, he made statements which he knew or which by
25 exercise of reasonable care he should have known were untrue or misleading when he issued
26 electronic Certificate of Compliance No. [REDACTED] for the 1991 Mazda, certifying that the
27 vehicle was in compliance with applicable laws and regulations when, in fact, the vehicle's
28 ignition timing was misadjusted.

1 comply with the following sections of that Code:

2 a. **Section 44012, subdivision (f):** Respondent failed to perform emission control tests
3 on the vehicle in accordance with procedures prescribed by the department.

4 b. **Section 44015, subdivision (b):** Respondent issued electronic Certificate of
5 Compliance No. [REDACTED] without properly testing and inspecting the vehicle to determine if it
6 was in compliance with section 44012 of that Code.

7 **FIFTH CAUSE FOR DISCIPLINE**

8 **(Violations of Regulations Pursuant to the Motor Vehicle Inspection Program)**

9 31. Respondent has subjected his station license to discipline under H & S Code
10 section 44072.2, subdivision (c), in that in testing the 1991 Mazda on March 6, 2013, he failed to
11 comply with the following sections of the Regulations:

12 a. **Section 3340.35, subdivision (c):** Respondent issued electronic Certificate of
13 Compliance No. [REDACTED] even though the vehicle had not been inspected in accordance with
14 H & S Code section 3340.42.

15 b. **Section 3340.42:** Respondent failed to conduct the required smog tests and
16 inspections on the vehicle in accordance with the Bureau's specifications.

17 c. **Section 3353, subdivision (a):** Respondent failed to give his customer a written
18 estimated price for parts and labor to obtain specific authorization for the smog inspection of the
19 1991 Mazda as required prior to commencement of any work for compensation or accrual of
20 charges.

21 d. **Section 3373:** Respondent issued an electronic certificate of compliance for the 1991
22 Mazda based upon inaccurate information which caused that certificate to be false or misleading,
23 with the tendency or effect to mislead or deceive customers, prospective customers, or the
24 public.

25 **SIXTH CAUSE FOR DISCIPLINE**

26 **(Violations of the Motor Vehicle Inspection Program)**

27 32. Respondent has subjected his technician license to discipline under H & S Code
28 section 44072.2, subdivision (a), in that in testing the 1991 Mazda on March 6, 2013, he failed to

1 comply with the following sections of that Code:

2 a. **Section 44012, subdivision (a):** Respondent failed to determine that all emission
3 control devices and systems required by law were installed and functioning correctly in
4 accordance with test procedures.

5 b. **Section 44012, subdivision (f):** Respondent failed to perform emission control tests
6 on that vehicle in accordance with procedures prescribed by the department.

7 c. **Section 44032:** Respondent failed to perform tests of the emission control devices and
8 systems on that vehicle in accordance with H & S Code section 44012, in that he failed to detect
9 the vehicle's misadjusted ignition timing.

10 **SEVENTH CAUSE FOR DISCIPLINE**

11 **(Violations of Regulations Pursuant to the Motor Vehicle Inspection Program)**

12 33. Respondent has subjected his technician license to discipline under H & S Code
13 section 44072.2, subdivision (c), in that in testing the 1991 Mazda on March 6, 2013, he failed to
14 comply with the following sections of the Regulations:

15 a. **Section 3340.30, subdivision (a):** Respondent failed to inspect and test that vehicle in
16 accordance with H & S Code section 44012.

17 b. **Section 3340.42:** Respondent failed to conduct the required smog tests and
18 inspections on that vehicle in accordance with the Bureau's specifications.

19 c. **Section 3373:** Respondent issued an electronic certificate of compliance for the 1991
20 Mazda based upon inaccurate information which caused that certificate to be false or misleading,
21 with the tendency or effect to mislead or deceive customers, prospective customers, or the
22 public.

23 **MATTERS IN AGGRAVATION**

24 34. To determine the degree of discipline, if any, to be imposed on Respondent,
25 Complainant alleges as follows:

26 a. On May 18, 2011, the Bureau issued Citation No. C2011-1330 to Respondent
27 against his station license for violating H & S Code section 44012, subdivision (f) (failure to
28 perform a visual and functional check of emission control devices according to procedures

1 prescribed by the department) in that on April 19, 2011, Respondent issued Certificate of
2 Compliance number [REDACTED] to an undercover vehicle with a missing positive crankcase
3 ventilation system. On June 9, 2011, a citation conference was held. The Bureau assessed civil
4 penalties totaling \$1,000.00 against Respondent for the violations. Respondent paid the fine on
5 June 27, 2011.
