21. Section 9884.8 states:

All work done by an automotive repair dealer, including all warranty work, shall be recorded on an invoice and shall describe all service work done and parts supplied... One copy of the invoice shall be given to the customer and one copy shall be retained by the automotive repair dealer.

22. Section 9884.9 states, in pertinent part:

(a) The automotive repair dealer shall give to the customer a written estimated price for labor and parts necessary for a specific job. No work shall be done and no charges shall accrue before authorization to proceed is obtained from the customer. No charge shall be made for work done or parts supplied in excess of the estimated price without the oral or written consent of the customer that shall be obtained at some time after it is determined that the estimated price is insufficient and before the work not estimated is done or the parts not estimated are supplied. Written consent or authorization for an increase in the original estimated price may be provided by electronic mail or facsimile transmission from the customer. The bureau may specify in regulation the procedures to be followed by an automotive repair dealer when an authorization or consent for an increase in the original estimated price is provided by electronic mail or facsimile transmission. If that consent is oral, the dealer shall make a notation on the work order of the date, time, name of person authorizing the additional repairs and telephone number called, if any, together with a specification of the additional parts and labor and the total additional cost . . .

### REGULATORY PROVISIONS

23. Health and Safety Code Section 44002 provides, in pertinent part, that the Director has all the powers and authority granted under the Automotive Repair Act for enforcing the Motor Vehicle Inspection Program.

24. Health and Safety Code Section 44012 states:

The test at the smog check stations shall be performed in accordance with procedures prescribed by the department and may require loaded mode dynamometer testing in enhanced areas, two-speed idle testing, testing utilizing a vehicle's onboard diagnostic system, or other appropriate test procedures as determined by the department in consultation with the state board. The department shall implement testing using onboard diagnostic systems, in lieu of loaded mode dynamometer or two-speed idle testing, on model year 2000 and newer vehicles only, beginning no earlier than January 1, 2013. However, the department, in consultation with the state board, may prescribe

1 alternative test procedures that include loaded mode dynamometer or two-speed idle  
2 testing for vehicles with onboard diagnostic systems that the department and the state  
board determine exhibit operational problems. The department shall ensure, as  
appropriate to the test method, the following:

3 (a) Emission control systems required by state and federal law are reducing excess  
4 emissions in accordance with the standards adopted pursuant to subdivisions (a) and  
(c) of Section 44013.

5 . . . .

6 (f) A visual or functional check is made of emission control devices specified by  
7 the department, including the catalytic converter in those instances in which the  
department determines it to be necessary to meet the findings of Section 44001. The  
8 visual or functional check shall be performed in accordance with procedures prescribed  
by the department.

9  
10 25. Health and Safety Code Section 44015 states, in pertinent part:

11 (b) If a vehicle meets the requirements of Section 44012, a smog check station  
12 licensed to issue certificates shall issue a certificate of compliance or a certificate of  
noncompliance.

13 26. Health and Safety Code Section 44032 states:

14 No person shall perform, for compensation, tests or repairs of emission control devices  
15 or systems of motor vehicles required by this chapter unless the person performing the  
test or repair is a qualified smog check technician and the test or repair is performed at  
16 a licensed smog check station. Qualified technicians shall perform tests of emission  
control devices and systems in accordance with Section 44012.

17 27. Health and Safety Code section 44072.2 states:

18 The director may suspend, revoke, or take other disciplinary action against a license as  
19 provided in this article if the licensee, or any partner, officer, or director thereof, does  
any of the following:

20 (a) Violates any section of this chapter [the Motor Vehicle Inspection Program  
21 (Health and Safety Code, § 44000, et seq.)] and the regulations adopted pursuant to it,  
which related to the licensed activities.

22 . . . .

23 (c) Violates any of the regulations adopted by the director pursuant to this chapter.

24 (d) Commits any act involving dishonesty, fraud, or deceit whereby another is injured.

25 . . . .

26 (h) Violates or attempts to violate the provisions of this chapter relating to the  
27 particular activity for which he or she is licensed.

28 28. Health and Safety Code section 44072.8 states:

1 When a license has been revoked or suspended following a hearing under this article,  
2 any additional license issued under this chapter in the name of the licensee may be  
likewise revoked or suspended by the director.

3 29. California Code of Regulations, title 16, section 3340.24, subdivision (c), provides that  
4 "[t]he bureau may suspend or revoke the license of or pursue other legal action against a licensee,  
5 if the licensee falsely or fraudulently issues or obtains a certificate of compliance or a certificate of  
6 noncompliance."

7 30. California Code of Regulations, title 16, section 3340.30, subdivision (a), provides, in  
8 pertinent part, that a licensed technician shall inspect, test and repair vehicles in accordance with  
9 section 44012 of the Health and Safety Code, section 44035 of the Health and Safety Code, and  
10 section 3340.42 of the California Code of Regulations.

11 31. California Code of Regulations, title 16, section 3340.35, subdivision (c), provides, in  
12 pertinent part, that a licensed station shall issue a certificate of compliance or noncompliance to the  
13 owner or operator of any vehicle that has been inspected in accordance with the procedures  
14 specified in section 3340.42 of the California Code of Regulations and have all the required  
15 emission control equipment and devices installed and functioning correctly.

16 32. California Code of Regulations, title 16, section 3340.41, subdivision (c), states that  
17 no person shall enter into the emissions inspection system any vehicle identification information or  
18 emission control system identification data for any vehicle other than the one being tested. Nor  
19 shall any person knowingly enter into the emissions inspection system any false information about  
20 the vehicle being tested.

21 33. California Code of Regulations, title 16, section 3340.42 provides, in pertinent part:

22 (e) In addition to the test methods prescribed in this section, the following tests  
23 shall apply to all vehicles, except diesel-powered vehicles, during the Smog Check  
inspection:

24 (1) A visual inspection of the vehicle's emissions control systems. During the  
25 visual inspection, the technician shall verify that the following emission control  
devices, as applicable, are properly installed on the vehicle:

26 . . . .

27 (C) crankcase emissions controls, including positive crankcase ventilation,

28 . . . .

1 (I) any emissions control systems that are not otherwise prompted by the Emissions  
2 Inspection System, but listed as a requirement by the vehicle manufacturer.

3 **COST RECOVERY**

4 34. Section 125.3 provides, in pertinent part, that a Board may request the administrative  
5 law judge to direct a licentiate found to have committed a violation or violations of the licensing  
6 act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the  
7 case.

8 **UNDERCOVER OPERATION – February 24, 2012**

9 35. On or about February 24, 2012, a Bureau undercover operator called a phone number  
10 posted on a Craig's list advertisement. The advertisers claimed that they would make cars pass  
11 their smog tests even if the cars had failed previous smog tests. Upon calling the listed number,  
12 the undercover operator spoke with an unlicensed individual who suggested a meeting location.  
13 The undercover operator, driving a Bureau documented 1997 Acura, met with a person who  
14 identified himself as Kevin, but was later identified as Alan Gamaliel Soto. The operator was then  
15 directed to take his vehicle to Respondent J&M Smog.

16 36. The 1997 Acura had been previously documented as being equipped with a modified  
17 positive crankcase ventilation system, a missing catalytic converter and rear heated oxygen sensor,  
18 a malfunction indicator lamp that did not operate and the ignition timing had been adjusted beyond  
19 manufacturer specifications. The vehicle also failed the tailpipe emissions portion of the smog test  
20 as a gross polluter. After speaking alone with two men at the test only facility Kevin told the  
21 operator they could pass the vehicle, but it would cost him \$170.00.

22 37. The operator agreed to pay this price and the smog test was then performed on the  
23 1997 Acura using the tailpipe emissions from a Chevrolet Van. The test was performed using the  
24 smog check technician license of Respondent Zamora. The undercover operator also identified  
25 Respondent Zamora as the technician who tested the vehicle. After the test was completed, Kevin  
26 informed the operator that his vehicle had passed. The operator then paid Kevin \$170.00 in cash  
27 and received a copy of the vehicle inspection report (VIR). The operator was never asked to sign  
28 an estimate, work order or invoice nor was he given any other documentation.

38. On March 5, 2012, a Bureau representative inspected the 1997 Acura and found that it failed the visual inspection for modified and missing equipment, the functional inspection for ignition timing set beyond manufacturer specifications and the tailpipe emissions inspection exceeding the gross polluter limits for exhaust emissions.

**FIRST CAUSE FOR DISCIPLINE**

**(Untrue or Misleading Statements)**

39. Respondent J&M Smog's Registration No. 259062 is subject to discipline under section 9884.7, subdivision (a)(1), in that on or about February 24, 2012, Respondent J&M Smog made statements which it knew or which by exercise of reasonable care should have known to be untrue or misleading by issuing electronic Certificate of Compliance No. [REDACTED] for the 1997 Acura, certifying that the vehicle was in compliance with applicable laws and regulations when, in fact, it could not have passed the visual, functional or tailpipe emissions portions of the smog inspection. Respondent J&M Smog certified the Bureau undercover vehicle utilizing the "clean-piping"<sup>3</sup> inspection method,

3 b. **Section 3340.42:** Respondent J&M Smog failed to perform an emission control  
4 inspection on the vehicle in accordance with procedures prescribed by the department.

5 **SIXTH CAUSE FOR DISCIPLINE**

6 **(Dishonesty, Fraud or Deceit)**

7 44. Respondent J&M Smog's Station License No. 259062 is subject to discipline  
8 pursuant to Health & Safety Code section 44072.2, subdivision (d), in that on or about February  
9 24, 2012, regarding the 1997 Acura, Respondent J&M Smog committed dishonest, fraudulent or  
10 deceitful acts whereby another is injured by issuing electronic Certificate of Compliance No.  
11 [REDACTED] for the vehicle without performing a bona fide inspection of the emission control

13 protection afforded by the Motor Vehicle Inspection Program.

14 **SEVENTH CAUSE FOR DISCIPLINE**

15 **(Violations of the Motor Vehicle Inspection Program)**

16 45. Respondent Zamora's Technician License No. 630422 is subject to discipline  
17 pursuant to Health and Safety Code section 44072.2, subdivision (a), in that on or about February  
18 24, 2012, regarding the 1997 Acura, Respondent Zamora violated the following sections of the  
19 Health and Safety Code:

20 a. **Section 44012, subdivision (f):** Respondent Zamora failed to perform emission  
21 control inspections on the vehicle in accordance with procedures prescribed by the department.

22 b. **Section 44032:** Respondent Zamora failed to perform an inspection of the emission  
23 control devices and systems on the vehicle in accordance with section 44012 of that Code.

24 **EIGHTH CAUSE FOR DISCIPLINE**

25 **(Failure to Comply with Regulations)**

26 46. Respondent Zamora's Technician License No. 630422 is subject to discipline  
27 pursuant to Health and Safety Code section 44072.2, subdivision (c), in that on or about February  
28 24, 2012, regarding the 1997 Acura, Respondent Zamora violated the following sections of the

1 California Code of Regulations, title 16:

2 a. **Section 3340.30, subdivision (a):** Respondent Zamora failed to perform the  
3 emission control inspection in accordance with Health and Safety Code section 44012.

4 b. **Section 3340.42:** Respondent Zamora failed to conduct the required smog tests on  
5 the vehicle in accordance with the Bureau's specifications.

6 **NINTH CAUSE FOR DISCIPLINE**

7 **(Dishonesty, Fraud or Deceit)**

8 47. Respondent Zamora's Technician License No. 630422 is subject to discipline  
9 pursuant to Health and Safety Code section 44072.2, subdivision (d), in that on or about February  
10 24, 2012, Respondent Zamora committed acts involving dishonesty, fraud or deceit whereby  
11 another was injured by issuing electronic Certificate of Compliance No. [REDACTED] for the 1997  
12 Acura without performing a bona fide inspection of the emission control devices and systems on  
13 the vehicle, thereby depriving the People of the State of California of the protection afforded by  
14 the Motor Vehicle Inspection Program.

15 **UNDERCOVER OPERATION June 27, 2012**

16 48. On or about June 27, 2012, a Bureau undercover operator called a phone number  
17 posted on a Craig's list advertisement. The advertisers stated that they would make cars pass their  
18 smog tests even if the cars had failed previous smog tests. The undercover operator spoke with an  
19 unlicensed individual who suggested a meeting location. The undercover operator, driving a 1995  
20 Acura, met with a person who identified himself as Tony but, again, was later identified as Alan  
21 Gamaliel Soto. The operator was then directed to take his vehicle to Respondent J&M Smog.

22 49. The 1995 Acura was documented with a modified positive crankcase ventilation  
23 system and a missing catalytic converter. The vehicle also would fail the smog inspection for  
24 excessively high tailpipe emission readings. The undercover operator was told to wait on the  
25 sidewalk as Tony drove the Acura into the service bay at J & M Smog Test Only Inc. After  
26 several people had looked under the hood of the Acura, Tony approached the operator and told  
27 him that, because the vehicle was modified, the smog inspection and certification would cost  
28 \$200.00

50. The undercover operator agreed to this price and the inspection was completed using Respondent Zamora's technician license and the tailpipe emissions of a different late model sedan. The operator never saw the emissions analyzer probe inserted into the Acura's tailpipe. The operator then paid Tony \$200.00 in cash and received a copy of the VIR. He never signed or received an estimate, work order, or invoice for the smog inspection and certification of the 1995 Acura. The VIR showed that the inspection of the 1995 Acura was completed by Respondent Zamora and the vehicle was issued electronic Certificate of Compliance No. [REDACTED]

51. On or about June 28, 2012, a Bureau representative inspected the 1995 Acura and found that it still had a modified positive crankcase ventilation system, a missing catalytic converter and failed the tailpipe portion of the smog inspection for gross polluting levels for exhaust emissions. Respondents certified, on the VIR, that they had tested and inspected the vehicle and that it was in compliance with applicable laws and regulations when in fact, the vehicle could not have passed the smog test, because of the introduced malfunctions and the excessively high tailpipe emissions.

### TENTH CAUSE FOR DISCIPLINE

**(Untrue or Misleading Statements)**

52. Respondent J&M Smog's Registration No. 259062 is subject to discipline under section 9884.7, subdivision (a)(1), in that on or about June 27, 2012, Respondent J&M Smog made statements which it knew or which by exercise of reasonable care should have known to be untrue or misleading by issuing electronic Certificate of Compliance No. [REDACTED] for the 1995 Acura, certifying that the vehicle was in compliance with applicable laws and regulations when, in fact, it could not have passed the visual or tailpipe portion of the smog inspection due to a modified positive crankcase ventilation system, a missing catalytic converter and excessively high tailpipe emissions.

### ELEVENTH CAUSE FOR DISCIPLINE

**(Fraud)**

53. Respondent J&M Smog's Registration No. 259062 is subject to discipline under section 9884.7, subdivision (a)(4), in that on or about June 27, 2012, Respondent J&M Smog

1 committed acts constituting fraud by issuing electronic Certificate of Compliance No. [REDACTED]  
2 for the 1995 Acura without performing a bona fide inspection of the emission control devices and  
3 systems on the vehicle, thereby depriving the People of the State of California of the protection  
4 afforded by the Motor Vehicle Inspection Program.

5 **TWELFTH CAUSE FOR DISCIPLINE**

6 **(Failure to Comply with Code)**

7 54. Respondent J&M Smog's Registration No. 259062 is subject to discipline pursuant to  
8 section 9884.7, subdivision (a)(6), in that on or about June 27, 2012, Respondent J&M Smog  
9 failed to comply with the following section of that code:

10 a. **Section 9884.8:** Respondent J&M Smog failed to provide the undercover  
11 operator with a copy of an invoice for the smog inspection and certification of the 1995 Acura.

12 b. **Section 9884.9, subdivision (a):** Respondent J&M Smog failed to provide the  
13 undercover operator with a written estimated price for labor and parts necessary for a specific job.

17 to Health & Safety Code section 44072.2, subdivision (a), in that on or about June 27, 2012,  
18 regarding the 1995 Acura, Respondent J&M Smog failed to comply with the following sections of  
19 the Health & Safety Code:

20 a. **Section 44012, subdivision (f):** Respondent J&M Smog failed to perform  
21 emission control inspections on the vehicle in accordance with procedures prescribed by the  
22 department.

23 b. **Section 44015, subdivision (b):** Respondent J&M Smog issued electronic  
24 Certificate of Compliance No. [REDACTED] for the vehicle without properly inspecting the vehicle  
25 to determine if it was in compliance with Health & Safety Code section 44012.

6 Code of Regulations, title 16, as follows:

7 a. **Section 3340.35, subdivision (c):** Respondent J&M Smog issued electronic  
8 Certificate of Compliance No. [REDACTED] for the vehicle even though the vehicle had not been

15 to Health & Safety Code section 44072.2, subdivision (d), in that on or about June 27, 2012,  
16 regarding the 1995 Acura, Respondent J&M Smog committed dishonest, fraudulent or deceitful  
17 acts whereby another is injured by issuing electronic Certificate of Compliance No. [REDACTED] for  
18 the vehicle without performing a bona fide inspection of the emission control devices and systems  
19 on the vehicle, thereby depriving the People of the State of California of the protection afforded by  
20 the Motor Vehicle Inspection Program.

21 **SIXTEENTH CAUSE FOR DISCIPLINE**

22 **(Violations of the Motor Vehicle Inspection Program)**

23 58. Respondent Zamora's Technician License No. 630422 is subject to discipline pursuant  
24 to Health and Safety Code section 44072.2, subdivision (a), in that on or about June 27, 2012,  
25 regarding the 1995 Acura, Respondent Zamora violated the following sections of the Health and  
26 Safety Code:

27 a. **Section 44012, subdivision (f):** Respondent Zamora failed to perform emission  
28 control inspections on the vehicle in accordance with procedures prescribed by the department.

1           b. **Section 44032:** Respondent Zamora failed to perform an inspection of the  
2 emission control devices and systems on the vehicle in accordance with section 44012 of the  
3 Health and Safety Code.

4                           **SEVENTEENTH CAUSE FOR DISCIPLINE**

5                                   **(Failure to Comply with Regulations)**

6           59. Respondent Zamora's Technician License No. 630422 is subject to discipline pursuant  
7 to Health and Safety Code section 44072.2, subdivision (c), in that on or about June 27, 2012,  
8 regarding the 1995 Acura, Respondent Zamora violated the following sections of the California  
9 Code of Regulations, title 16:

10           a. **Section 3340.30, subdivision (a):** Respondent Zamora failed to perform the  
11 emission control inspection in accordance with Health and Safety Code section 44012.

12           b. **Section 3340.42:** Respondent Zamora failed to conduct the required smog tests on

14                           **EIGHTEENTH CAUSE FOR DISCIPLINE**

15                                   **(Dishonesty, Fraud or Deceit)**

16           60. Respondent Zamora's Technician License No. 630422 is subject to discipline pursuant  
17 to Health and Safety Code section 44072.2, subdivision (d), in that on or about June 27, 2012,  
18 Respondent Zamora committed acts involving dishonesty, fraud or deceit whereby another was  
19 injured by issuing electronic Certificate of Compliance No. [REDACTED] for the 1995 Acura  
20 without performing a bona fide inspection of the emission control devices and systems on the  
21 vehicle, thereby depriving the People of the State of California of the protection afforded by the  
22 Motor Vehicle Inspection Program.

23                           **VID DATA REVIEW**

24           61. The Bureau initiated an investigation against Respondent J&M Test based on a review  
25 of information from the Bureau's Vehicle Information Database ("VID"), which indicated that  
26 Respondent J&M Test may be engaging in fraudulent smog check activities.

27           62. On or about November 9, 2012, a representative of the Bureau conducted a detailed  
28 review of VID data for all smog inspections performed at Respondent J&M Test's facility for the

1 period of March 2012 through October 2012. The representative found that six vehicles reported  
2 diagnostic trouble codes (hereinafter "code" or "codes") during the OBD II tests<sup>4</sup> that were not  
3 applicable to the vehicles tested. Of the six vehicles, five also reported the same code irrespective  
4 of the make or model of the vehicle. The sixth vehicle reported a different code, but that code was  
5 also not applicable to the vehicle tested. The VID data further indicated that Respondent Garcia  
6 performed the inspection on one of the vehicles and Respondent Lorena performed the inspections  
7 on the other five vehicles.

8 63. The Bureau concluded that Respondent Garcia and Respondent Lorena performed the  
9 smog inspections on the six vehicles using a different vehicle during the OBD II tests, a method  
10 known as "clean plugging,"<sup>5</sup> resulting in the issuance of fraudulent certificates of compliance for  
11 the vehicles.

22 <sup>4</sup> The On Board Diagnostics ("OBD II") functional test is an automated function of the  
23 BAR-97 analyzer. During the OBD II functional test, the technician is required to connect an  
24 interface cable from the BAR 97 analyzer to a Diagnostic Link Connector ("DLC") which is  
25 located inside the vehicle. Through the DLC, the BAR-97 analyzer automatically retrieves the  
information from the vehicle's on-board computer about the status of the readiness indicators,  
trouble codes and the MIL (malfunction indicator light). If the vehicle fails the OBD II functional  
test, it will fail the overall inspection.

26 <sup>5</sup> Clean plugging is the use of the OBD II readiness monitor status and stored fault code  
27 (trouble code) status of a passing vehicle for the purpose of illegally issuing a smog certificate to  
28 another vehicle that is not in compliance due to a failure to complete the minimum number of self  
tests, known as monitors, or due to the presence of a stored fault code that indicates an emission  
control system or component failure.

1 **NINETEENTH CAUSE FOR DISCIPLINE**

2 **(Untrue or Misleading Statements)**

3 64. Respondent J&M Test's Registration No. 259228 is subject to disciplinary action  
4 pursuant to section 9884.7, subdivision (a)(1), in that Respondent J&M Test made or authorized  
5 statements which it knew or in the exercise of reasonable care should have known to be untrue or  
6 misleading, as follows: Respondent J&M Test's technicians, Respondent Garcia and Respondent  
7 Lorena, certified that vehicles 1 through 6, identified in paragraph 63 above, had passed inspection  
8 and were in compliance with applicable laws and regulations. In fact, Respondent Garcia and  
9 Respondent Lorena conducted the inspections on the vehicles using clean-plugging methods in that  
10 they substituted or used a different vehicle(s) during the OBD II functional tests in order to issue  
11 smog certificates of compliance for the vehicles, and did not test or inspect the vehicles as required  
12 by Health & Safety Code section 44012.

13 **TWENTIETH CAUSE FOR DISCIPLINE**

14 **(Fraud)**
