In re: Bureau of Automotive Repair

Regulatory Action:

Title 16, California Code of Regulations

Amend sections: 3394.3, 3394.4, 3394.6

NOTICE OF APPROVAL OF REGULATORY ACTION

Government Code Section 11349.3

OAL Matter Number: 2024-0729-01

OAL Matter Type: Regular Resubmittal (SR)

This resubmitted rulemaking action by the Bureau of Automotive Repair makes several changes relating to the consumer assistance payments an owner of a vehicle failing a smog check may be eligible to receive as incentive to either repair or retire the noncompliant vehicle. First, this action increases the maximum amount of the payments to account for inflation as measured by federal Consumer Price Index data. Second, this action establishes a procedure for future increases to the maximum amount of the payments based on measures of inflation, program participation, and appropriations. Third, this action eliminates an existing rule that prohibited a person from receiving repair assistance payments for the same vehicle more than once. Finally, this action revises what a person must provide when applying to receive these consumer assistance payments.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 1/1/2025.
